

INTERNATIONAL PLANT SPECTROSCOPY CONFERENCE

4th Edition: **SAVE THE DATE**
2024 September 24-27

University of Natural Resources and Life Sciences (BOKU)
Vienna, Austria

THE CONFERENCE AIMS TO

- ◇ bring spectroscopy to plant scientists and plant sciences to spectroscopists
- ◇ show and discuss spectroscopic techniques and their potential in plant sciences
- ◇ gather scientists from fundamental to applied research
- ◇ highlight applications from academia to industry

SESSION & KEYNOTE SPEAKERS

will present major spectroscopic fields & applications in plant sciences:

- + FTIR spectroscopy (MIR, NIR)
- + Raman spectroscopy
- + Autofluorescence spectroscopy
- + NMR and mass spectroscopy
- + Micro-nano-spectroscopic imaging
- + Synchrotron based techniques
- + Chemometric approaches

LOCAL ORGANISATION

BOKU University of Natural Resources and Life Sciences Vienna

- ◇ Barbara Hinterstoisser, Institute of Physics and Material Science
- ◇ Notburga Gierlinger, Institute of Biophysics
- ◇ Jessica Huss, Institute of Biophysics
- ◇ Sabine Rosner, Institute of Botany
- ◇ Dagmar Augustin, Institute of Botany
- ◇ Karin Fohringer, Institute of Botany

Abstract submission until:
31 May 2024

Selected speakers notified by:
30 June 2024

Registration closes:
31 July 2024

INTERNATIONAL ORGANISING COMMITTEE

- ◇ András Gorzsás, Umeå University, Umeå, Sweden
- ◇ Notburga Gierlinger, BOKU, Vienna, Austria
- ◇ Marie-Francoise Devaux, INRA-Nantes, France
- ◇ Fabienne Guillon, INRA-Nantes, France
- ◇ Cécile Deborde, INRA-Nantes, France
- ◇ Catherine Deborde, Montpellier University, France
